

# HERA

The Hera – an attractive garden room which will enhance the appearance of any garden.

Available in two sizes, the Hera offers either 4.5m<sup>2</sup> or 9.0m<sup>2</sup> of gardening or leisure space.

With an eaves' height of 1.82m (6.0') they are particularly suited to the taller gardener.

Both models look spectacular in either anodised aluminium or powder coated green.

Greenhouses

“

...the garden room...

”

“

...ideal place to escape...

”

The Hera 9000 has full length glass side panes and 6mm polycarbonate roof panels and is also available in powder coated black

(\*Anodisation is a process the aluminum goes through to keep it looking pristine throughout its life)

MODEL	DIMENSIONS	LOUVRES OR VENTS	GROWING AREA
Hera 4500 (7' x 8')		2(L)	4.5m <sup>2</sup>
Hera 9000 (11' x 12')		3(V)	9.0m <sup>2</sup>
